## **SLVHD to Take Second Round of H1N1 Vaccine Appointments**

*Appointments available for booking Tuesday at 9 a.m. online or by calling (801) 743-7280*

(Salt Lake County) – The Salt Lake Valley Health Department (SLVHD) will again take appointments Tuesday for H1N1 vaccination clinics scheduled this week. Due to Veteran’s Day, clinics will take place just Thursday and Friday at four clinic locations.

The public may begin making their appointments **Tuesday starting at 9:00 a.m.** until all available time slots are filled. Appointments can be made **either online or by calling** SLVHD’s Vaccination Hotline at (801) 743-7280 (*details below*).

Due to the expected high volume of calls, individuals are asked to please redial if they receive a busy signal. Once the call goes through, the individual will be added to the phone queue.

Last week’s appointments went smoothly at all four clinics, with most appointments taking an average of only 15 minutes. Because of this, people who secure a timeslot this week will be given a 15 minute time slot and clinic location for vaccination.

All clients with an appointment will be screened at the clinic to confirm eligibility. Those eligible to receive the H1N1 vaccine:

- Pregnant women
- Those who live with or care for children younger than 6 months of age
- Health care or emergency medical personnel with direct patient contact
- Children age 6 months to 24 years of age

- Those under the age of 64 with chronic medical conditions associated with higher risk of medical problems from influenza

The vaccine is provided at no out-of-pocket cost to individuals at SLVHD clinics, however those with health insurance are encouraged to bring their card. Individuals without health insurance will still receive the vaccination at no cost.
